SUMMARY

A professional with a niche for product and design, I am a results-driven React Developer with over 2+ years of hands-on experience in creating dynamic and responsive web applications. Proven expertise in front-end development, with strong focus on React + Typescript. Currently I'm contributing my management insights and frontend skills to a fintech startup while working with cross functional teams on a daily basis.

WORK EXPERIENCE

iDigiCloud Technologies Pvt Ltd, Mumbai

Feb 2022 - Present

Assistant Manager, Product Engineering (Frontend)

- One of the early contributor in the core development team, closely collaborating with the CTO to architect and shape the client-side interface of the Core Banking Product using ReactJS and TypeScript.
- Spearheaded the development of critical modules such as Customer Onboarding, Account Opening and Cash Transactions to name a few while maintaining strict deadlines.
- Instructing and managing a team of 3-4 junior developers to develop, debug and maintain the codebase.

BYJU'S, Nagpur

June 2019 - Aug 2019

Business Development Associate

- Pitched plans and boosted revenue by bringing in and cementing relationships with new clients.
- Sought out and engaged with customers to drive sales and service using suggestive selling.

Arista Infotech, Nagpur

Dec 2018 - Apr 2019

Web Developer Intern

- Developed user interfaces with modern technologies such as HTML5, CSS3 and JavaScript.
 - Participated in project development through entire Software Development Lifecycle (SDLC).
-
