Projects

Humans Of Cryptos - A blogging web application.   Link : Humans Of Cryptos
Humans of Cryptos is a Flask blogging app that gives user a platform to share his/her stories or ideas.

Real Estate Listings - A Scrapping and Automation project.   Link : Github/RealEstateListings
I have scrapped '99acres.com' using Beautiful Soup for properties in Kharadi and used all the data to autofill Google Form using Selenium Web Driver to get all the listings in Google Sheet.

Stocks News Alert - A SMS alert application.   Link : Github/StocksNewsAlert
Created using Stocks API, News API and SMS API, this application keeps a track on a certain company's stock and gives an alert on your mobile if a major changes happens in its stock price.

Snake Game - A GUI game application.   Link : Github/SnakeGame
The famous game that was played on Nokia 3310 during 2000s is created using Python's Turtle module.
